Words

Words are great forces in the realms of life. Be careful of their use. Who talks of hate, Of poverty, of sickness, but sets life These very elements to mar his fate.

When love, health, happiness and plenty hear Their names repeated over day by day, They wing their way like answering fairies near, Then nestle down within our homes to stay.

Who talks of evil conjures into shape The formless thing and give it life and scope. This is the law: Then let no word escape That does not breathe of everlasting hope.

In a charming little speech she extended greetings to those present and convinced her hearers of her ability to lead them successfully in the year's endeavors. Mrs. Burford and Mrs. Gary were also attendants at this wonderful gathering of 20,000 women and Mrs. Burford reviewed for the club members the social features of the bi-ennial, stating that she enjoyed most the reception tendered the ladies by that greatest of Americans, Thomas Edison and his charming wife. Mrs. Tydings was the last of the three principal speakers of the afternoon and gave her "Club Experiences of the Past Year." She complimented the Ocala club so highly, and so favorably contrasted it with clubs, at whose meetings she had often been a visitor during her absence from home, that every member present Saturday, though already proud of the record achieved by our club, will be spurred on to accomplish still greater works.

Every grocery store has its customers who order POSTUM regularly instead of coffee.

They are former coffee drinkers who, for health's sake, changed their table drink.

If you suspect that coffee contributes to your discomfort or illness, ask the grocer for the names of several POSTUM users in your neighborhood; get in touch with them and hear their story.

Or, secure a tin of INSTANT POSTUM and try it on the family table for ten days instead of coffee.
